

Jahan Metal Int. Fzco is an exclusive supplier for Ardakan Direct Reduction Plant Project which has the capacity of **1,000,000** tons per year of DRI. The plant project is located in Ardakan (YAZD PROVINCE) in ISLAMIC REPUBLIC OF IRAN.

This project is entirely owned by ARSCO, and our company, Jahan Metal is committed to supply all equipments exclusively to the forthcoming building of the plant.

As an exclusive supplier, we commit our inevitable performance and at our above capacity level and stable operations ensuring the height on demand. Thus, we are taking pace onward to all utilities and infrastructure from preparation of tender documents and to project supply aiming not only to be cost effective but to meet both ends.
